

Greetings!

My name is Jarrod Smith and I am a teacher at Rogers-Herr Middle School in Durham. I teach technology education, but recently was given the opportunity to teach an exercise and fitness class. The level of enthusiasm among students wanting to join my class has been extremely high, which is great! Unfortunately, due to space and budget restraints we don't have room for all of the students in my class and we also have limited room for free weights in my classroom. I stumbled across your website while looking for free weight alternatives and bought a few of your Rubberbanditz for my students to try out. They are proving to be a really great option from both a safety and space perspective. I've gotten great feedback from the students and they've begun expressing a desire for heavier bands, as well as, more bands so that they don't have to rotate 3 bands (2 light, 1 medium) between them. Student empowerment being an integral aspect of education, we brainstormed and thought that perhaps we could in some way partner with you as a local business and help each other out with respect to supplies and promotion since we have no official budget for this class. Enclosed are students' letters expressing their enthusiasm about your great product! Feel free to email or call me with any questions!

Jarrod Smith

Dear Rubberbanditz,

Hi, Rogers Herr middle school in Durham, we recently added a weightlifting class. The class uses many exercises to build strength. The problem is, our class has few weights to actually have all of the 17 students lift at once. We used the rubber-bands that we got from your shop and they are very effective and we all enjoyed using them. Since we would like to have more bands so everyone can be lifting at once, we would like to know if there is any way we can help you to get some more. We could advertise around the school or pass the word around elsewhere. (stickers, shirts or other things along those lines are okay as well) We really would like to have more than 3 bands for all of the 17 students in the class. If you could, we also would very much like to see all of the exercises bands make better so a demonstration would help us understand how exactly to do certain exercises. As I said, we used some bands and they were very effective for a variety of different students without taking up much space. Our class hopes that you can allow us to help you in return for some more rubber bands. Any help you can give would be really appreciated.

- Thank You!

From Rogers Herr,

Dear Rubberbanditz, we used the
the bands, and we like the bands, we
are at Rogers-Herr Middle School in Durham
Public Schools. We have a new weightlifting
class and we only have three bands, is it
any way that you can come demonstrate it
for us.

Dear Rubberbanditz

I am a student from Rogers-Herr middle school. Recently the school made a new weight lifting class and we have been using your Rubberbanditz and we love them but we only have 4 and we have a class of 15 is there any way we could advertize and you can come to the school and give a demonstration. We would really like it if you could.

Sincerely,

[Redacted Signature]

ion

Dear Rubberbanditz,

For my strength class at Rogers Herr we have been using some of your bands. But we only have 3 for 15 students. We were wondering if there were any ways we could help promote your company in order to get a couple of more bands. The bands are very helpful so we can do multiple exercises. Our school is Rogers-Herr middle school located in Durham, NC. So again is there any way we can advertise your company? In order to get a couple of more bands.

8/23/12

Dear Rubberbanditz,

At Rogers-Herr we have started a weight lifting and body building class, and as we learned the correct forms for our workouts we used your band and it was very helpful. But we have limited supplies with fifteen students in our class, so we can't really practice our form without waiting for a while. So I am asking if there is any way we can promote you and help you out, maybe you can come to the school and give a demonstration for the class so can become stronger.

Sincerely,

[Redacted Signature]

Dear Rubberbanditz,

I am from Rogers-Herr Middle school in Durham. I want you, as the company to know that My school Rogers-herr has just added a new Class that has to do with weights and exercise. The class has been using your Rubberbands and we really like them. So I want to know if one of your workers can come and demonstrate ways for us to use them. Also if you can tell us a couple of ways to advertise your company? Thank you.

Sincerely,

from Rogers-Herr Middle
School in Durham, NC

Dear Rubberbanditz

My name is [REDACTED] and I was wondering if we could have more of your great bands. We loved the band me and my classmates from Roger-Herr-Middle-school. It made me stronger everyday. Sadly we only have 3 of them with 15 so not everybody getting to use it. Because of that I was wondering if we could wear your logo and show the world for some more awesome rubber bands.

From - [REDACTED]

Dear Rubberbanditz,

recently at Rogers-Herr middle School, we had a new Class that focused all on building muscle. We have used your bands, but the problem is we only have two bands and wees like them a lot, and we have about 17 students in the Class, so we were hoping if there is anyway we Can promote your product somehow to get some more bands for this Class. We are from Rogers-Herr middle School in Durham, NC.

Sincerely,

Aug-23-12

Dear Rubberbanditz we like
your bands because we have
A new weightlifting class or
Teacher got some bands from your
company. Is there any way we
can promote your company and get
some for discount. Are class
is at Rogers-Herr Middle School
And can do some demonstration for us
Thank you

Sincerely

Go Rams

8/23/12

Dear Rubberbanditz,

This is a student from Rogers-Henr Middle School. We have a new weight lifting class at the school. We've been using your bands in class. But we only have a limited amount of bands. I was wondering if we could do anything to promote you.

Sincerely,

[REDACTED]

Dear Rubberbanditz company, our school loves your bands! Rogers Hall middle school would like to know if there anything we can do to sponsor your company in exchange for more bands. Our strength class really needs new ones, and it would make us very happy if you would agree to this request that we are asking of you. Thank you very much for your support and have a wonderful day.

Dear Rubber-benditz,

We love the band you gave us,
we use them every day in class.
We're located at Rogers Herr Middle
School in Durham public Schools.
We are in a Weight-lifting class
and need more supplies. We
liked your creation the best
and we hope we can get
some more. Please contact
RHMS or go on our website.
and email us or the principle
Michael Fuga. We hope you write
back.

From:

Dear Rubberbanditz,

Wlc the Students at Rogers-herr middle school are trying a new system for the first year. We've seen and used some of the products you produce and wish if we can be sponsored by your company. We are limited on supplies and wish if there is any way we could advertise you and help out. You could also come to our school and show or give a presentation.

Your truly,
RHMS

Dear, rubberbanditz

We (Rogers - Herr middle school) love your rubber bands. We love it so much we want you to come over and teach us the ways of the bandits. Also we want you to show us (new weightlifting class) some other exercises with the bands. The important thing to us we maybe (up to the princeable) want to advertise you. Well thats it we hope you come and we will put in a good word for you.

RHMS,

Dear RubberBonditz,

We are at Rogers-Herr middle school in Durham public schools. We liked the bands you made. We started a weight lifting class in we tested them out and they were great. The thing is we don't have a lot we only have 3 and there are 15 people in our class, but we don't have enough money to buy some more. We want to know can you donate some to us or come in demonstrate.

Yours truly,

Rogers Herr
middle school
